Video

10-Year-Old Kid Shines in American Shark Tank Competition

Video Analysis

1. What product does the girl pitch to the Shark Tank investors?
2. Who is the product for
- 3: What great qualities does the young girl possess?
4. Why are the investors interested in Cassy?
5. Who did she choose as her Shark Tank investor?

Role-Play

Scenario: *A manager talks to his staff about ways to increase workplace productivity in his department. Study how the staff member persuades his manager with some clever ideas.*

Manager: I called you to this meeting because I want your suggestions on how to increase productivity in your department.

Supervisor: Everyone can benefit from making a daily to-do-list. This is something employees can download from their mobile app.

Manager: That sounds useful. What else do you suggest?

Supervisor: Sir, I think it is a good decision to take short breaks every hour. For me, it helps me stay focused at work.

Manager: I might have a few objections about that, but it is never too bad to try.

Supervisor: And finally, sir, I think you will agree with me on this – I believe phones should be put on silent during office hours.

Manager: I understand that it might be very hard, but again, it's never bad to try. Thanks for your time.

Supervisor: I hope I presented some strong arguments. You are always welcome.

Role-play Analysis

Answer the following questions:

1. What topic are they talking about?
2. What suggestions did the supervisor give his manager?
3. Which suggestions do you like and dislike?
4. Is the manager convinced about his staff's ideas?

Production

A: MINI DEBATE — WHICH IDEA IS BETTER?

Topics (choose one debate topic):

Debate 1:

- Idea A: Allow employees to work from home 2 days a week.
- Idea B: Give employees a bonus for coming to the office every day.

Debate 2:

- Idea A: Offer free coffee and snacks to employees.
- Idea B: Offer extra vacation days instead.

B: MAKING A PRESENTATION PITCH

Instructions: Use the Following Guides to prepare your Presentation Pitch

- Follow 3 Steps on How to Make a Persuasive Business Pitch
- Formulate ChatGPT prompts to acquire information about your topic
- Choose descriptive ideas to organize your ideas in your pitch

Step 1: Choose a topic and research about it	Example: “The Benefits of Using A.I program in generating useful content in computer coding.”
Step 2: Make Easy Prompts to use on your AI research	Example: - Give me benefits of coding - Help me in the benefits of coding - Write some tips about the use of programs in coding - Help me research about the benefits of AI generated Programs for coding student programs
Step 3: List out two main points and explain	The first clear idea about the benefit of A.I in helping students in coding and programming is about making engaging content. The second most important benefit of AI generated programs is all about innovative platforms. This matters a lot because there are many programs that are in the market and your innovation will make you unique.

Topics (choose one or create your own):

- A new product the company should launch.
- A way to save money in the office.
- An idea to improve employee motivation.
