B. Fill in the blanks with the correct phrase. Choose your answer from the table below.

How can we resolve this?	Can we agree on ...?
What are our options?	find a middle ground.
Can you handle ...?	Let's keep this interactive.
I'll take care of	Can everyone hear me?

1. Before starting the presentation, the speaker asked, "_____?"
2. The facilitator encouraged participation by saying, "_____."
3. After some discussion, the negotiators decided to _____.
4. The team leader asked, "_____ the deadline for this project?"
5. The project manager assigned tasks, saying, "_____ the marketing campaign."
6. The team leader asked a colleague, "_____ the financial reports?"
7. When faced with a problem, the team asked, "_____?"
8. The team discussed solutions, asking, "_____?"

Practice

Instructions: Utilize the essential insights gained from lessons 11 through 14 to effectively tackle the following scenario-based questions.

1. During a virtual presentation, technical issues arise. How would you handle the situation?
2. A client wants a significant discount on your product. How would you negotiate while maintaining profit margins?
3. You're managing a team with diverse skill sets. How would you delegate tasks effectively?
4. Your team is facing a critical issue that affects the project timeline. How would you facilitate a collaborative problem-solving process?

5. You're presenting a new project plan to a remote team via video conference. How would you ensure engagement and clarity?
6. You're negotiating a partnership agreement. What key terms would you prioritize?
7. A team member is struggling with their assigned task. How would you provide support?
8. A team member suggests a solution that may have unintended consequences. How would you evaluate and address potential risks?

Production

Instructions: Work in teams or pairs. Present or role-play the scenario based on the given objective.

Case Study 1: Virtual Presentation

- **Objective:** Effectively present a product and address investor questions.
- **Scenario:** You are a marketing team presenting a new product launch to potential investors via video conference.

Case Study 2: Negotiation

- **Objective:** Reach a mutually beneficial agreement on the contract terms.
- **Scenario:** You are a sales team negotiating a contract with a potential client.

Case Study 3: Delegating Tasks

- **Objective:** Effectively delegate tasks and ensure team understanding.
- **Scenario:** You are a project manager assigning tasks to team members for an upcoming deadline.

Case Study 4: Problem-solving in Teams

- **Objective:** Collaborate to identify solutions and implement plan.
- **Scenario:** Your team is facing a productive delay due to equipment failure.
